GOODBYE DRY

Winter months can take a toll on your skin. Replenish the moisture and restore your natural glow with our New Life Aesthetics Intensive Recovery Cream. It's 20% off this month. Intensive Recovery Cream is formulated with cactus and yeast extract to reduce irritation. It soothes the skin and reduces redness. This medical grade product increases natural moisturizing factors which hydrates and protects the skin and aids in recovery. Don't forget about our curbside pick up Monday through Friday!

NEXT LEVEL LIPS

Pucker up! It's time for the perfect pout. One of the hottest treatments at New Life Aesthetics is lip filler and clients love their results. Lip filler adds natural looking volume along with a beautiful shape. Juvederm Vollure was used on this client's lips to create a fuller lip leaving the client feeling young and refreshed. RESTORE YOUR FEMININITY

Feel young again this Valentine's Day with Diva! This treatment empowers you to revive and regenerate healthy, youthful vaginal tissue. Diva uses fractional hybrid laser technology to resurface the vaginal canal to increase collagen production and blood flow. It ultimately improves texture, tone, sensation, lubrication and may improve stress urinary incontinence. It's the perfect solution to help restore your feminine health. Call today for your consultation with Meredith.

SKINCARE RESOLUTIONS

2022 is the year to stick to your skincare resolutions! Keep it simple so you'll be successful. Remove make up at night. Cosmetics can trap skin-damaging free radicals in the air. Exfoliate regularly. Getting rid of dead skin cells keeps your skin looking bright and fresh. Moisturize right out of the shower. Wear sunscreen, even on cloudy days. UV rays are the leading cause of skin damage. New Life Aesthetics offers a medical grade skincare line with everything you'll need for your morning and evening routines. Finally, radiant, beautiful skin comes from healthy habits such as drinking water, sleep and a healthy diet.

SAVE THE DATE
