Our newest product delivers dramatic skin brightening and antiaging benefits. C Bright Cream is a rich, potent blend of five types of bioavailable Vitamin C. It stimulates collagen while fighting the effects of aging. This medical grade product firms and tightens the skin and is perfect for all skin types. C Bright also improves the appearance of acne related lesions. This new product is 20% off this month! Call today for curbside pick up 919-521-8282.

## LOVE THE LIFT

2022 is calling for a younger, refreshed look! Answer the call with Juvederm fillers. Voluma was used on this client's cheeks and chin to create a more youthful appearance with fewer wrinkles. Meredith used a combination of cannulas and needles to strategically inject the filler in the cheeks and around the chin. Voluma lifts the skin, while smoothing and plumping for beautiful results.

## JOIN US IN GIVING BACK

It is our honor to give back to the triangle community and we hope you'll join us! New Life Aesthetics has chosen a non-profit that we will support each month with awareness initiatives and donations. In January, Hope Reins is our featured organization. It serves kids in crisis through their 33-acre ranch and rescued horses. Services are free of charge and made possible by generous donors. Our New Life Aesthetics family has personally been touched by this organization. Please consider supporting hope and healing at Hope Reins. Visit their website at [hopereins.org](http://hopereins.org) to see how you can help.
