

Hair Restoration Event!

Please join us for an exciting afternoon focusing on Hair Restoration Treatments. June 9th at 12pm we'll be hosting a lunch-and-learn and giving live demonstrations on multiple hair restoration treatment solutions. This will be an afternoon of education and discussion you won't want to miss. Our hair restoration solutions help clients regrow thicker, fuller hair naturally. Meredith and Heather, our two expert providers, will answer questions and give in-depth information on AnteAGE and PRF. Both hair restoration solutions are minimally invasive, aid in regeneration and activate hair growth. There will be a special promotion for attendees and lunch will be provided. Space is limited so RSVP today 919-521-8282.

coolsculpting® ELITE

Eliminate Stubborn Fat

Sit-ups don't always do the trick. Get rid of stubborn fat around your midsection with Coolsculpting Elite. Coolsculpting Elite freezes twice the stubborn fat with dual applicators. It's the only nonsurgical way to get rid of unwanted fat cells using cold technology. Coolsculpting Elite targets 9 different areas in men and women. It gets rid of up to 25% of the fat cells and results appear in 1 to 3 months. Call today to schedule your consultation!

Coolsculpting Elite

Threads to Success

Stimulate collagen and add structural support with PDO Threads. Once inserted in your skin, PDO threads strengthen the dermal layer giving skin a smooth healthy appearance. They are used in areas of the face and body that are prone to thinning such as under the eyes, the forehead, the neck and the tops of the knees. Threads can be placed in virtually any crepey or thin skin to help smooth the appearance. Call today for your appointment with Meredith or Heather.

PDO Threads

Erase Acne Scars

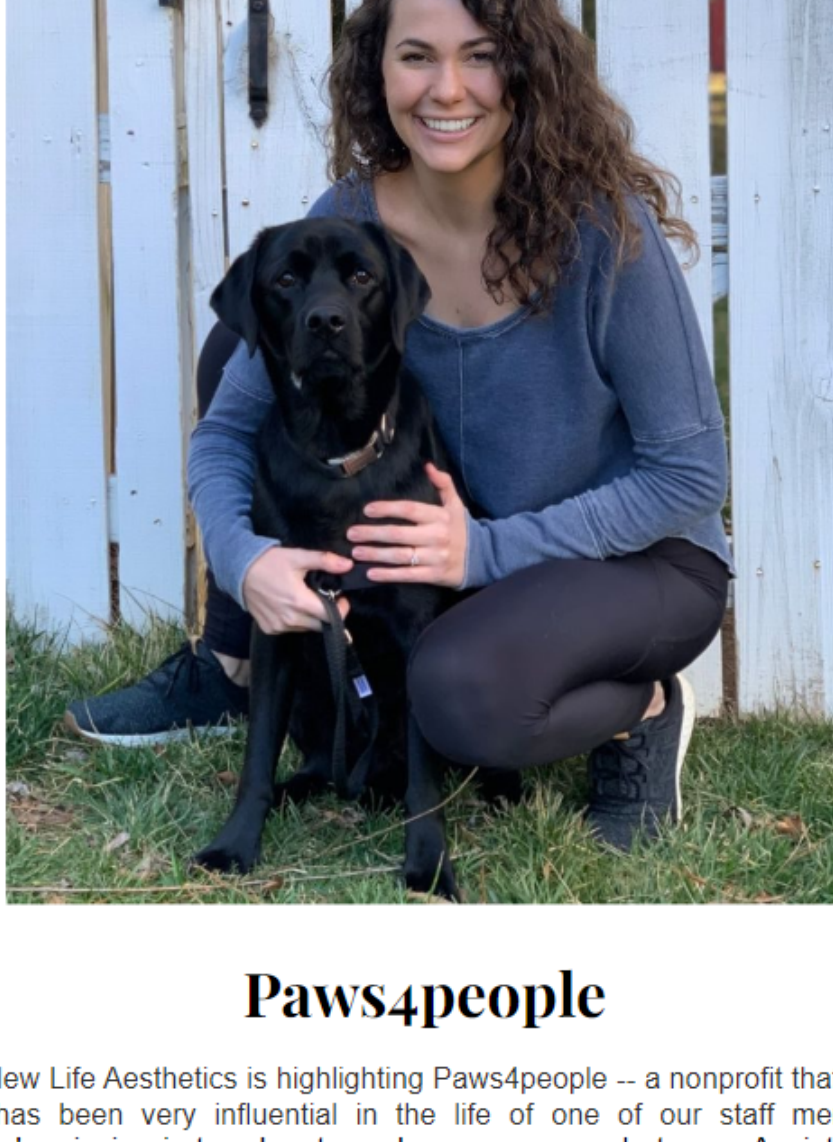

Clear skin is only a laser away. The Aerolase Neo laser treats acne by heating up and shrinking the sebaceous glands. It kills acne bacteria and reduces redness associated with acne. It reduces the inflammatory component of acne, which helps reduce acne scarring. Aerolase is pain-free with no downtime. Typically a series of 4-6 treatments are needed spaced two to four weeks apart. Call today for your appointment.

Aerolase

Father's Day Gift Cards!

Women aren't the only ones who strive to look younger.. men want to look rejuvenated as well! A New Life Aesthetics gift card is the perfect Father's Day gift. A large percentage of our clients are men. They are drawn to treatments that are non-invasive, quick, easy, safe, and require no downtime. These treatments can give men the boost of self-confidence through facial or body rejuvenation without compromising their masculinity. We offer curbside pick-up on all gift cards so call today 919-521-8282.

Paws4people

This month New Life Aesthetics is highlighting Paws4people -- a nonprofit that is near to our hearts and has been very influential in the life of one of our staff members, Abbie. Paws4people's mission is to educate and empower people to use Assistance Dogs to transform their lives. With over 1,200 dog-client teams, paws4people specializes in training customized Assistance Dogs for two general groups: Veterans and Service Members with Chronic/Complex Post-Traumatic Stress Disorder, Traumatic Brain Injuries, Military Sexual Trauma, and Moral Injury; and children and adolescents with physical, neurological, psychiatric, and/or emotional disabilities. Paws4people provides each and every dog free of charge to all clients, and teaches them how to use their dog to help mitigate the symptoms of their specific disability. After training with paws4people for over 2 years and witnessing the life-altering effects Assistance dogs have on others, Abbie bumped with her Assistance Dog SPORT in January 2022. Please join us this month in supporting Paws4people. Just click on the link to help!
