AGELESS BEAUTY

Smooth wrinkles and increase collagen production with Ageless BioPeptide Growth Factor Cream. This unique formula contains human growth factors, a peptide complex, antioxidants, and other skin restorative ingredients. This medical grade product combats signs of aging and it's 20% off this month. Ageless BioPeptide Growth Factor Cream replenishes the skin's fatty acids leaving it soft, smooth and youthful. This powerhouse of anti-aging ingredients rapidly smooths skin texture. Don't forget about our curbside pick up Monday through Friday!

EMPOWERING WOMEN

Menopause signs and symptoms can be frustrating and often tough to tackle. We are now offering a new natural approach instead of hormones. The Anteage Vaginal Rejuvenation Solution uses the power of stem cells to restore vaginal tissue. This regenerative non-hormonal system safely restores the vaginal wall using growth factors and cytokines. It targets vaginal dryness, atrophy, irritation, itching and pain associated with urination and intercourse. VRS is also an excellent burst of growth factors to accelerate healing after laser or ablative treatments.

THICKER, FULLER HAIR

Restore your confidence with hair restoration at New Life Aesthetics. We now offer two safe, natural solutions for thinning hair. Platelet Rich Fibrin (PRF) therapy requires drawing blood from your arm and spinning in it a centrifuge. This process isolates powerful platelets containing growth factor proteins and exosomes which are then injected into your scalp. Each custom dose of PRF targets your follicles' hair growing capacity, enhancing the thickness of your hair. We also offer Anteage Hair Growth Factor Solution. This can be combined with your PRF. Hair Growth Factor Solution is made up of twelve bio-identical growth factors and cytokines. This formula is proven to stimulate hair follicles when it's injected into the scalp. Call today for your consultation 919-521-8282.

LATISSE IS BACK!

Latisse is the answer to longer, fuller lashes and it's back! Latisse is clinically proven to enhance lashes in as little as one month. You'll see complete gorgeous results in just 16 weeks. With regular applications along the lash line of the upper eyelid, Latisse gradually encourages growth of longer, thicker and darker eyelashes. Latisse is the only FDA approved solution for lash growth. Earn Alle points with each purchase!

CELEBRATE WITH US!

Cabinets are up, walls are painted and our state-of-the-art treatment rooms are almost ready. We are so excited about our expansion here at New Life Aesthetics. We are moving upstairs and tripling the size of our beautiful space. Please join us for an open house and grand re-opening to celebrate our expansion on Friday April 8th from 4:30 to 7:30pm. We'll have food, beverages, giveaways, treatment demonstrations and special event pricing. Please RSVP by April 1st at 919-521-8282 or info@newlifeaesthetics.com.

HELPING HANDS

Protecting and supporting our youth here in the triangle is the mission of Haven House. This non-profit organization strives to make sure young people reach their full potential and are given every opportunity to succeed. This month New Life Aesthetics is highlighting and supporting Haven House and we hope you'll join us. Haven House operates 11 programs that help more than 1,200 youth in need each year overcome their challenges and find a path to success. Through compassion, commitment and integrity Haven House makes a difference in our community. Please [click here](http://Havenhouseenc.org) and visit Havenhouseenc.org to donate.
