

RECOMMENDED SKIN TYPES

ACTIVE INGREDIENTS

Zinc Oxide 12%, Octinoxate 7.5%

INGREDIENT HIGHLIGHTS

Vitamin E (Tocopheryl Acetate), Dimethicone

UV DEFENSE SPRAY SPF 46

DESCRIPTION

UV Defense Spray SPF 46 is a broad-spectrum, water resistant sunscreen, meant for easy application and delivery of a physical and chemical sunscreen. Formulated with 12% Zinc Oxide, UV Defense Spray SPF 46 provides the skin with physical broad-spectrum coverage from UVA-aging rays, and UVB-burning rays. Vitamin E provides powerful antioxidant protection against free radicals and sun damage, which leads to premature aging of the skin. Upon application, this light and non-greasy product is delivered in an easy-to-apply spray that disburses the product for even coverage. UV Defense Spray SPF 46 is great for on-the-go coverage, as well as fast moving children. In addition to the broad-spectrum coverage, UV Defense Spray SPF 46 is also water resistant for up to 80 minutes.

BENEFITS

- ✓ Convenient spray bottle providing an even application of sunscreen
- ✓ Chemical and physical ingredients protect against UVA and UVB rays
- ✓ Provides rich antioxidant protection against free radicals
- ✓ Great alternative for on-the-go lifestyles or children
- ✓ Water resistant (80 minutes)
- ✓ Free of commonly known irritants such as sulfates, parabens and fragrance

DIRECTIONS FOR USE

Shake well before and frequently during use. Spray liberally and spread evenly by hand 15 minutes before sun exposure. Apply to all skin exposed to the sun. Hold container 4-6 inches from the skin to apply. Rub in. Do not apply in windy conditions. Use in a well-ventilated area. Reapply after 80 minutes of swimming or sweating immediately after towel drying at least every 2 hours
