Age Reversal Neck Cream

DESCRIPTION

Specifically formulated for the delicate skin of the neck and décolleté, this nourishing neck cream delivers lasting hydration while helping skin appear smoother, firmer, and more supple. A carefully selected blend of peptides supports the skin's natural resilience, helping to improve the appearance of fine lines, wrinkles, texture, and visible loss of firmness for a more refined-looking neckline. Brightening ingredients help promote a more even-looking skin tone, while antioxidant-rich vitamins and botanical extracts defend against environmental stressors that can contribute to visible signs of aging. The result is skin that feels hydrated, soft, and refreshed with a healthier, more youthful-looking appearance.

BENEFITS

- ✓ Contains a uniquely blended peptide complex that helps renew the look of skin for a smoother, healthier, more radiant complexion
- ✓ Repairs and strengthens the fragile dermal-epidermal junction, reducing the appearance of fine lines and wrinkles and uneven skin tone
- ✓ Helps improve the appearance of skin firmness with immediate and continued benefits
- ✓ Helps improve the appearance of skin laxity for a smoother, more youthful-looking complexion
