New Life Aesthetics

Spring Soiree!

It's our favorite time of year! We are excited to invite you to our annual Spring Event. Mark your calendar for Friday April 28 from 4:30 to 7:30. Join us for food, drinks and gift bags for the first 50 guests. We'll have special event pricing on products and gift cards, amazing raffles and live treatment demonstrations. Learn about our new amazing products and treatments. There will also be special incentives if you bring a new guest to the event. RSVP by April 24th at info@newlifeaesthetics.com or call us at 919-521-8282.

coolsculpting® ELITE

CoolMonth

THE COOLEST MONTH OF THE YEAR

We have HOT savings on Coolsculpting Elite! Welcome to Cool Month. In the month of April when you buy 4 Coolsculpting Elite treatments you'll get 4 free. Coolsculpting Elite targets stubborn fat and eliminates it for good. It freezes twice the unwanted fat cells with dual applicators. Coolsculpting Elite is the only nonsurgical way to get rid of unwanted fat cells using cold technology. It targets nine different areas in men and women. Take advantage of great savings and book your Coolsculpting Elite appointment today!

BETTER TOGETHER KYBELLA & SKINTYTE

Two Kybella treatments paired with three SkinTyte treatments.

Some treatments are more powerful together! Beautiful results can be seen with the combination of Kybella and SkinTyte. We started with two Kybella treatments, which created a tighter, slimmer, more youthful looking neck and chin. When injected into the submental fat, Kybella permanently destroys fat cells. Once the cells are destroyed, they can no longer store fat. We then added three treatments of SkinTyte. This customizable treatment is for all skin types. SkinTyte uses pulsed light technology to heat deep skin layers while cooling surface areas. It tightens the skin for clear, healthy results. Call today for your appointment 919-521-8282.

Ingredients to Glow!

Our most popular cleanser is on sale this month! Beta Enzyme Cleanser leaves you with a brighter, clearer complexion. It works to exfoliate dry, aging skin while providing antioxidant protection. It's formulated with Papaya Enzymes and Salicylic Acid to slough away dead skin cells. It's gentle enough for daily use on all skin types. Beta Enzyme Cleanser stimulates the production of new skin cells leaving you with a beautiful glow. Call today for any of our medical products in our custom skincare line 919-521-8282.

Spreading Smiles!

Enriching the lives of youths in Raleigh! That's the mission of the non-profit foundation Continuous Blessings. Please join New Life Aesthetics this month in supporting this special organization. Continuous Blessings strives to meet the needs and create opportunities for young people in the area. Through a charity golf tournament and generous donations, Continuous Blessings has given over \$800,000 to multiple outreach programs that focus on improving the lives of youths. Please visit the link below to see how you can participate in helping Continuous Blessings.
