Chin Enhancement

Juvederm VOLUX

Juvederm VOLUMA XC

Before

After

New Life Aesthetics

A well-defined chin can bring balance and harmony to the face, enhancing the overall profile. Our client was seeking a more sculpted and structured chin, and Heather achieved these stunning results using Juvederm Volux and Voluma. Juvederm Volux was used to enhance definition, while Juvederm Voluma added subtle volume for a natural contour. These fillers work together to create a beautifully refined and long-lasting result. Before the treatment, he felt his chin lacked projection. After precise injections, the chin appeared more structured, enhancing the jawline and neck, and overall facial symmetry. The result? A confident, more defined look without the need for surgery! Call today for your appointment 919-521-8282.

NUTRAFOL

BEFORE

9 MONTHS AFTER

New Life Aesthetics

We're excited to share the power of Nutrafol! Our patient struggled with hair thinning and a loss of volume. After committing to Nutrafol, 4 months later, her hair is now healthier, fuller, and more resilient. The results come from nourishing hair at the root. Nutrafol's unique formula supports hair growth by addressing key factors like stress, hormones, and nutrition. With clinically tested ingredients, it strengthens hair from the inside out, resulting in thicker, stronger strands over time. Start your hair journey today and experience the power of real, lasting results. Call today or stop in for your Nutrafol 919-521-8282.

MRT: Your Path to Better Health

Your diet could be the cause of unexplained symptoms such as bloating, fatigue or skin issues. We offer Mediator Release Testing (MRT). This cutting-edge food sensitivity test helps identify hidden inflammatory responses to certain foods and chemicals. Unlike traditional allergy tests, MRT provides a deeper look into your body's unique reactions, allowing you to make informed dietary choices for better digestion, energy, and overall wellness. It also identifies the foods that are optimal choices for your ultimate health. Our providers do an in-depth analysis of your MRT test results and help you understand the findings. Book your appointment today and take control of your health. Call us at 919-521-8282.

Welcome Kim!

We're thrilled to welcome Kim to New Life Aesthetics as our new Patient Care Coordinator! With a passion for patient care and a warm, friendly approach, Kim is here to ensure your experience is seamless from start to finish. Whether you're booking an appointment, exploring treatment options, or just have a question, Kim is ready to assist with a smile. Join us in giving Kim a warm welcome. We're excited for you to meet her at your next visit!

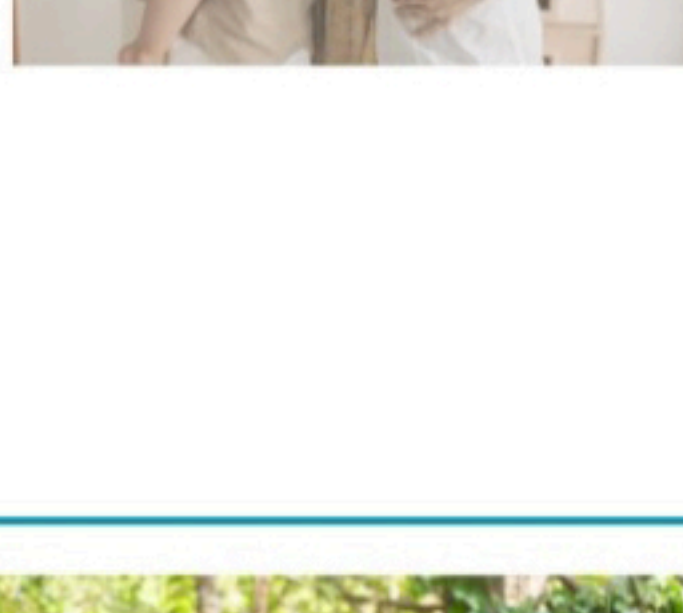

Families Together, Stronger Together

Every family deserves a safe and stable home. This month join New Life Aesthetics in supporting Families Together. This nonprofit organization is dedicated to ending family homelessness in North Carolina.

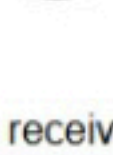

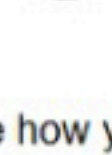

Families Together provides essential housing support, case management, and life skills training to help families get back on their feet. Join us in making a difference, whether by donating or volunteering. Just click the link below. Together, we can create a future where every family has a place to call home!
