## Tighten wih PDO Threads

Our most requested treatment right now is PDO Threads! They are perfect for smoothing and tightening the skin. PDO Threads stimulate collagen and add structural support. Once inserted in your skin, PDO Threads strengthen the dermal layer giving skin a youthful, healthy appearance. They are used in areas of the face and neck that are prone to wrinkles and texture changes such as the wrinkles above the brows and under the chin or under-eyes. We also get creative and place threads in crepey skin of the arms, knees and tummy! Call today for your appointment with Heather or Meredith.

PDO Threads

## Safe for Summer: SkinTyte!

Beautiful results after three SkinTyte treatments! A more defined jawline and a tighter neck are exactly what this patient wanted to achieve. SkinTyte is safe for the summer months as it tightens and smooths skin. This customizabe technology can treat all skin types. It's painless with no downtime. Most common areas include lower face, neck, above the knees, upper arms and abdomen. See what SkinTyte can do for you!

## Lip Transformation!

Lip enhancements are a work of art, requiring the perfect product choice, an understanding of natural lip anatomy and mindfulness of appropriate balance and symmetry. This patient presented after a firm filler changed the natural shape, contour and movement of her lips. Meredith used Hylenex during two separate sessions to dissolve the old filler before restoring her lips with Juvederm Volbella. She loves the new beautiful natural looking results.

## New Filler Guidelines

The international guidelines for filler safety have recently evolved. The leading experts in the industry now recommend waiting 4 weeks before and after any dental appointments, vaccinations and illnesses when planning filler treatments. Our providers also recommend no travel for two days after receiving filler so that if complications arise, you have access to your provider. Our mission is to keep you safe and healthy while achieving your aesthetic goals. Call us for your next filler appointment 919-521-8282.

## Pay It Forward

This month New Life Aesthetics is reaching out to a special place here in the Triangle. A Place at the Table is Raleigh's first pay-what-you-can-cafe. This non-profit cafe provides the community good, healthy food regardless of means. It's a place where everyone feels welcome. A Place at the Table serves breakfast, brunch and lunch and they hope you'll always leave with a full belly and an open heart. Customers have multiple options when paying or the option to pay-it-forward. Through good meals, kindness and volunteering A Place at the Table strives to build a better community. Just click on [tabl Raleigh.org](http://tabl Raleigh.org) to learn how you can help.
