C Bright Cream

DESCRIPTION

Powerful anti-aging treatment contains a potent blend of 5 types of self-stabilized, bioavailable Vitamin C 10% in a rich cream base to nourish, hydrate and protect skin as it fights and reverses the signs of aging. This potent formula delivers Vitamin C four times more efficiently than Ascorbic Acid formulas, for more efficacious treatment results. Clinical testing of efficacy has shown an 80% reduction in melanin synthesis, as skin appeared dramatically brighter. Collagen synthesis is increased by 100%, leaving skin more firm and taut. Additionally, free radical formation decreased by 98%, resulting in UV protected skin. Vitamin C enriched natural fruit extracts help to soothe and diminish redness and inflammation. Skin is left with a natural healthy glow.

BENEFITS

- ✓ Contains powerful potent blend of 5 types of self-stabilized, bioavailable Vitamin C
- ✓ Delivers Vitamin C four times more efficiently than leading formulas
- ✓ Collagen-Stimulating Benefits Helps to Firm and Tighten Skin
- ✓ Brightens and Evens Skin Tone
- ✓ Clinical testing of efficacy has shown:
 - 80% reduction in melanin synthesis, skin appeared dramatically lighter and brighter
 - 100% increase in collagen synthesis leaving skin firmer and more taut with less lines and wrinkles
 - 98% decrease in free radical formation, resulting in UV protected skin
 - 94% reduction in cellular damage due to UVB exposure
- ✓ Helps to soothe and diminish redness and inflammation with Vitamin C enriched natural fruit extracts
