

June 2025 Newsletter

We're loving these beautiful before and after results from this patient's mid-face restoration. Her goal was to restore lost volume in the cheeks. Juvederm Voluma was used to do just that and lift the mid-face. The treatment improved facial balance and created a more youthful, contoured appearance. To complete the look, Botox was added to smooth fine lines and wrinkles. The combination not only rejuvenated but also enhanced facial harmony without looking overdone. These results speak for themselves... refreshed, radiant, and beautifully subtle. Call today for your appointment 919-521-8282 or book online at newlifeaesthetics.com.

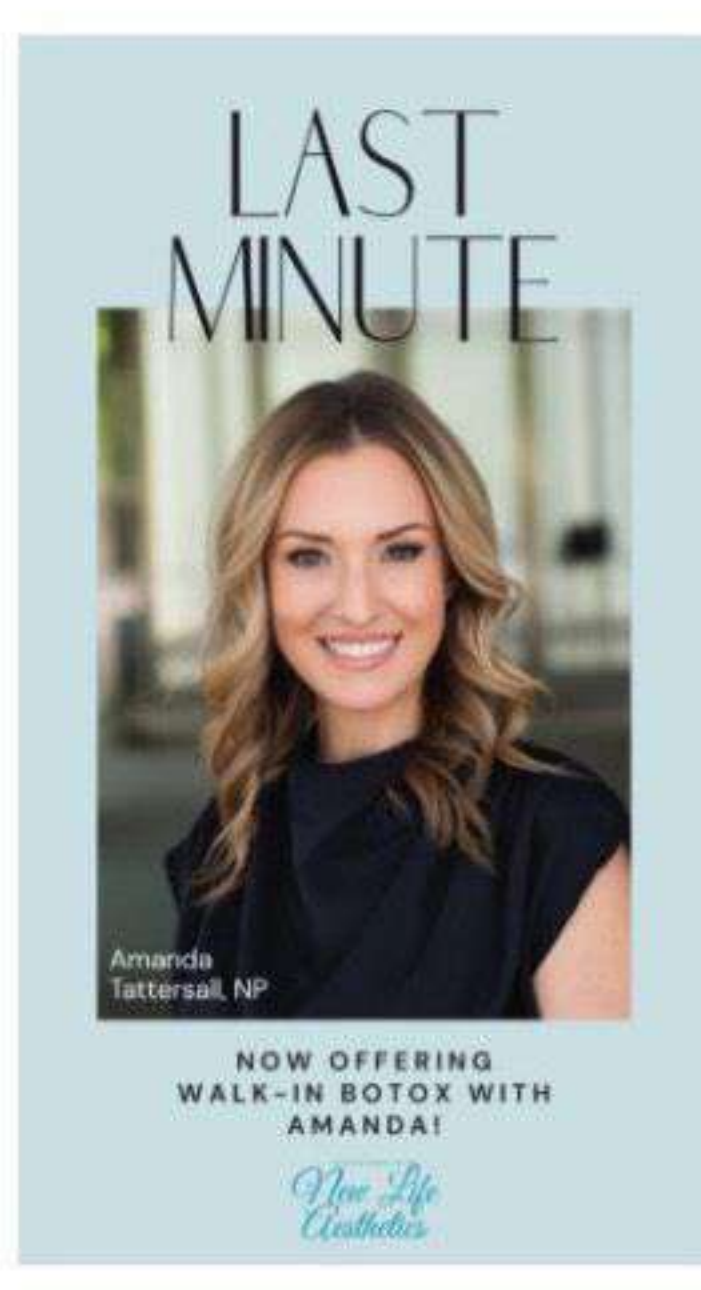

Dermal Fillers

As we head into Summer, we're making it easier than ever to protect your skin! All of our New Life Aesthetics sunscreens are 20% OFF this month! Sunscreen is a non-negotiable for healthy, glowing skin. UVA and UVB rays can cause premature aging, sun damage, and increase your risk of skin cancer, but daily SPF is your skin's best line of defense. Sunscreen isn't just for sunny days, it should be an everyday essential. Stock up now during our sale and throw an extra one in your beach bag. Healthy skin is beautiful skin and it starts with smart sun care. Stop in or we'll ship it to you. Just call us at 919-521-8282.

Pawsitive Change!

This month we're on a mission to keep tails wagging and hearts full. Join us in supporting DEGA Mobile Veterinary Care. Their mobile unit rolls into communities where access to vet care is limited, bringing kindness, comfort, and critical medical services to pets who need it most. Whether it's a pup's first checkup or helping a senior cat feel comfy again, DEGA is at their doorstep. With our support, we can help keep the wheels turning one furry friend at a time. Just click on the link below to see how you can make a pawsitive change!
