Eye Complex

DESCRIPTION

This Complex is a clinically proven combination of 5-in-1 active ingredients, with 6 main benefits to reduce the appearance of dark circles, puffiness and wrinkles around the eye area. On the cellular level, peptides and vitamins promote collagen growth, increase the strength and flexibility of fragile capillaries, and stimulate circulation around the eyes. On the surface, this Complex contains light diffusing minerals that provide an immediate relief from dark circles, puffiness and wrinkles. Additionally has an anti-inflammatory effect and reinforces firmness and tone, resulting in brighter, rejuvenated, fresher looking eyes.
