Retinols are your skin's best friend for a glowing complexion! This month all of our retinols are featured 20% off. Retinols improve skin texture, fade dark spots, reduce wrinkles and improve acne. They promote cell turnover for radiant, younger looking skin. We offer multiple medical grade retinol products. Unlock your best skin yet! Don't forget we offer complimentary skin care consultations to all existing clients, and we ship our products, too! Call us for more information 919-521-8282.

Feel confident from every angle with Juvederm Voluma! It's the first-and-only hyaluronic acid filler FDA-approved to improve moderate to severe temple hollowing. This treatment adds volume to the area and creates facial balancing from the cheekbone to the forehead. Voluma contours and shapes the structure of the temple to help bring back that youthful fullness. Call today for your appointment 919-521-8282.

Lower Face Restoration

At 52-years-old, this patient was concerned about sagging in her lower face and jowls. Meredith boosted her facial harmony and balance by softening the fine lines lifting the jowls. She used a combination of Juvederm fillers. Voluma added lost volume, while Volux decreased the marionette lines and enhanced the chin. She used Volbella for the Lip Enhancement and Skinivive to add much needed hydration around the mouth. A lower face restoration can redefine and refresh your look.
