Cheek and Chin Restoration

Before After
 Juvederm Voluma and Juvederm Ultra

Mission accomplished! Contouring the cheeks and chin was the goal of this patient for a more youthful look. Amanda used Juvederm Voluma to create support and project the mid-face and chin. She enhanced the natural contours for a refreshed, rejuvenated appearance. Juvederm Ultra was used to blend away shadows and soften the appearance of her skin. The result was natural, beautiful and fresh. Call us today for your appointment 919-521-8282.

New Life Aesthetics
 919-521-8282

through 9/24

With kids going back to school, it's time to get straight A's in skin care! Prioritize your skin health and remember healthy skin begins with a medical grade skin care routine. This month we are highlighting HydraLite Moisturizer. It's a lightweight, oil-free moisturizer that replenishes and hydrates the skin. It contains four ceramides that help restore the skin's natural barrier. The Niacinamide visibly improves the appearance of large pores and uneven skin tone. This month HydraLite is 20% off! All existing patients receive complimentary skin care consultations and we ship all of our products. Call us today 919-521-8282.

Falling into Laser Season!

As summer winds down and we transition into the cooler months, it's the ideal time to book your fall laser treatments. If you've been enjoying the sun and surf, chances are your skin has seen its fair share of sun exposure. While those sunny days are fun, they can also lead to sun damage, uneven skin tone, and unwanted pigmentation. Laser treatments are highly effective in targeting and reducing the damage. Fall is prime time to book your BBL, TRL and Halo treatments. It's the perfect window of less intense sunlight, making it easier to protect your post-treatment skin. Laser treatments are also great for reducing fine lines, wrinkles, improving skin texture and overall rejuvenation. Our Fall schedules fill up fast so now is the time to book. Call us at 919-521-8282. Embrace the new season with a refreshed, revitalized look!

Halo

EZPRF
 PLATELET-RICH FIBRIN

Get the most out of your investment and maximize your treatment by adding PRF. Platelet Rich Fibrin is an advanced, all-natural concentrate derived from your own blood. It's packed with growth factors, white blood cells, and stem cells, which are key players in skin repair and regeneration. PRF releases these growth factors over several days, leading to more sustained and noticeable improvements in skin quality. You can add PRF to Vivace Ultra RF Microneedling, SkinPen Microneedling and Halo. PRF is 100% natural and safe. It improves treatment efficacy and promotes faster healing. Patient's observe improvement in the signs of aging, acne scarring and lax skin. Incorporate PRF into your next treatment and unlock better results. Call today for your appointment 919-521-8282.

Discover Vivace Ultra

School's back, and so is your glow!

New Life Aesthetics
VIVACE ULTRA
 THE ULTIMATE IN RF MICRONEEDLING

Vivace Ultra RF Microneedling combines the best of both worlds, RF microneedling and ultrasound. Vivace Ultra is a customizable treatment. Integrated ultrasound technology gives insight to the precise skin thickness, therefore optimal needle depth can be delivered during treatment to yield the best results. Radiofrequency is a color-blind heat that penetrates the skin through micro-needles. These micro-injuries in the skin's surface, trigger the body's natural healing response. This stimulates collagen and elastin production, essential proteins that keep skin firm and youthful. The result? A smoother, more lifted appearance with minimal downtime. It targets tone, texture and overall skin quality while decreasing fine lines and wrinkles. Patients love it because there is little to no downtime. Call today for your appointment 919-521-8282.

PINK PUMPS & BOW TIES GALA
 SATURDAY, OCTOBER 19TH
 THE PAVILION AT THE ANGUS BARN, RALEIGH

We are celebrating 20 Years of hope, strength, and empowerment with Pretty in Pink! For two decades, Pretty in Pink has been a beacon of hope, providing essential support to breast cancer patients. We're incredibly proud to be a sponsor of their Pink Pumps & Bow Ties Gala. The event takes place on October 19th at the Angus Barn in Raleigh. This gala is crucial to the Pretty in Pink mission and your support will help provide financial assistance to breast cancer patients in need. Together, we've made strides in the fight against breast cancer, and we're committed to continuing this journey of love, resilience, and unwavering support. Please join New Life Aesthetics in supporting Pretty in Pink by clicking the link below for details on how you can volunteer, be a sponsor or donate.
