CONTOUR YOUR CURVES

Do you eat right and exercise but just can't get rid of stubborn fat? CoolSculpting Elite is coming soon to New Life Aesthetics! CoolSculpting Elite eliminates unwanted fat cells without surgery and little to no downtime. This non-invasive treatment targets two treatment areas at once with dual applicators. It's the only FDA approved treatment to get rid of fat bulges in NINE different areas. It's scientifically proven to permanently eliminate 20-25% of treated fat cells. CoolSculpting Elite sculpts your body with no surgery or anesthesia.

LIP LINES LONG GONE

Before

After

Tighten those upper lip lines! The Subnovii Plasma Pen makes upper lip lines diminish and disappear. This client was thrilled with her results. Subnovii spot treats wrinkles and increases collagen. It targets neck bands, lipstick lines and crepe-like skin. Subnovii Plasma Pen also creates a non surgical brow lift while tightening skin. It is the most sophisticated plasma technology available.

COMBINE AND CONQUER

Combine and conquer and find your fountain of youth. Combine three New Life Aesthetics anti-aging medical grade products for optimum results. Begin with Anti-Ox CE Fe which boosts collagen production, reduces wrinkles and fights against photoaging. Then add Needle Free Serum to increase firmness and elastin production and decrease skin laxity. Finally, apply Ageless Biopeptide Growth Factor Cream which utilizes Humigrowth technology to smooth vertical wrinkles and improve hydration and collagen production. Combine these three New Life Aesthetics products for healthy skin results!
