## CORRECT YOUR NECK

Don't neglect your neck... correct it! This month our New Life Aesthetics Age Reversal Neck Cream is 20% off. It's specially formulated to tighten and firm the neck's delicate skin. It repairs and strengthens the neck while reducing the appearance of fine lines, wrinkles and uneven skin tones. It contains a uniquely blended peptide complex with antioxidants to protect against free radicals and sun damage. Age Reversal Neck Cream increases moisture levels resulting in smooth hydrated skin. Call today for curbside pick-up!

## PERFECT PAIRINGS

Like a fine wine, Aesthetics has perfect pairings, too! Each month at New Life Aesthetics we will highlight treatments that are perfect pairings. This month we are focusing on Halo and BBL. Halo fractionated laser uses ablative and non-ablative technology simultaneously. It targets sun damage, increases collagen and diminishes fine lines and wrinkles. Halo also evens out skin tone and texture. BBL is the perfect pairing to boost Halo results. BBL improves signs of aging for younger, smoother more radiant skin. BBL delivers natural, healthy results by removing brown spots, age spots and sun damage.

## LIQUID LIFT

The results are beautiful from this liquid lift. Botox gave this client a refreshed, younger appearance by lifting the areas around the mouth and eyes. No more heavy eyelids and frown lines. Botox smooths and minimizes fine lines and wrinkles with no downtime.

## INTERNATIONAL WOMEN'S DAY

Join New Life Aesthetics in celebrating International Women's Day March 8, 2021. We are committed to raising awareness against bias, celebrating women's achievements and taking action for equality. This special day is dedicated to creating a gender equal world. New Life Aesthetics strives to collaborate on projects that make us all stronger.

## SPRING CLEAN

Your skin is an investment. As spring arrives it's a great time to clean up your skincare routine. New Life Aesthetics offers a full line of medical grade products for every skin type. Meredith specially formulates each product to provide the best results for clients. They are customized to meet your individual needs and concerns with the highest quality ingredients.
