

Mint Lip Balm

DESCRIPTION

Welcome to your new favorite lip balm. Mint Lip Balm is specially formulated to provide nourishment and restoration for lips after injections and procedures, and for everyday use. Infused with 50mg of hemp extract and arnica, it helps heal, hydrate, and restore delicate lip tissue. Lip fillers and other injections can leave lips feeling tender, dry, and flaky during recovery. This balm fights that with deep hydration and moisture. Natural hemp extract helps reduce inflammation and discomfort while acting as a natural antibacterial, and arnica promotes healing. Built-in SPF 15 protects freshly treated lips from sun damage. With regular use, lips feel softer, smoother, and more nourished, with a protective, non-sticky, non-greasy finish that maintains the perfect moisture balance.

BENEFITS

- ✓ Soothes and moisturizes.
- ✓ Deeply hydrates with no sticky or greasy residue.
- ✓ Decreases inflammation with hemp extract that calms tender, swollen tissue.
- ✓ Supports pain management with arnica and hemp to help ease post-procedure discomfort.
- ✓ Protects and heals with SPF 15 and shields lips from sun damage while promoting recovery.
- ✓ Natural antibacterial properties make it ideal for newly injected or sensitive lips.

INGREDIENTS

- 50mg Full-Spectrum Hemp Extract (CBD), OM-Cinnamate 5%, Sunflower Oil Infused with Arnica, Beeswax, Coconut Oil, Cocoa Butter, Vitamin E Oil, Peppermint Oil, Eucalyptus Oil, Tea Tree Oil

DIRECTIONS FOR USE

- Apply generously to lips as needed throughout the day. For post-injection care, use regularly during the recovery period to keep lips hydrated and protected, or as directed by your provider.
