MIDFACE AND CHIN RESTORATION

Before After

Juvéderm Voluma and Volux restore midface volume and sculpt the chin.

New Life Aesthetics

The image shows a side-by-side comparison of a woman's profile. On the left, labeled 'Before', her midface appears slightly sunken and her chin has a soft, undefined contour. On the right, labeled 'After', her midface is noticeably fuller and lifted, and her chin is more defined and sculpted. The background is a light blue gradient.

A refreshed, balanced profile can make a powerful difference in facial harmony. In this transformation, Heather used Juvéderm Voluma to restore volume in the midface, lifting and contouring the cheeks. She chose Juvéderm Volux to add structure and definition to the chin. The result is a smoother transition between facial features. This client now has reduced sagging and a more youthful, sculpted appearance. By enhancing both the cheeks and chin, the face now appears naturally lifted and proportioned. Heather's expertise brought back definition where it was once lost. Call today for your appointment at 919-521-8282 or book online at [newlifeaesthetics.com](http://newlifeaesthetics.com).

Products of the Month

May

All Sunscreens

20%  
OFF

May is here, which means longer days and stronger sun. This month our line of sunscreens is 20% off! We're here to help you keep your skin protected and glowing as we head into summer. Daily sunscreen is your best line of defense against harmful UVA and UVB rays, which can lead to premature aging, sunburn, and increase the risk of skin cancer. Even on cloudy days, these rays are still at work, making daily protection essential. Now's the time to stock up, stay consistent, and give your skin the protection it deserves all season long. We ship all of our products for your convenience. Call us today at 919-521-8282.

Sunscreen Skincare

SKIN CANCER

*Awareness*

MONTH

Defend your skin with our  
medical-grade sunscreens.

Presented by  
*New Life  
Aesthetics*

At New Life Aesthetics, we believe healthy skin is beautiful skin. May is Skin Cancer Awareness Month, a perfect reminder to prioritize the health of your skin, not just its appearance. While we love helping you achieve a radiant glow, your safety always comes first. This month, take a moment to check in on your skin and commit to protecting it every day. Skin cancer is the most common form of cancer, but when detected early, it is highly treatable. That's why regular skin checks and daily sun protection are so important. We suggest adding one of our medical-grade sunscreens into your routine. They're 20% off this month. Don't forget to wear protective clothing and avoiding excessive sun exposure. Your future skin will thank you.

Wedding season is just around the corner and now is the perfect time to start your skin prep for the big day. Whether you're the bride or part of the bridal party, glowing, silky-smooth skin doesn't happen overnight. Planning ahead allows you to get the best results and feel confident in every photo, from the ceremony to the last dance. Facials are a great place to start, helping to deeply cleanse, hydrate, and refresh your skin for that natural bridal glow. For those looking to elevate their results, treatments like SkinPen microneedling can improve texture and tone. Dermaplaning gently exfoliates and removes peach fuzz for a smoother complexion which is perfect for flawless makeup application. Clients wanting a more refined, polished look, Botox will soften fine lines and enhance your natural beauty in a subtle, elegant way. The key to wedding-ready skin is timing. Let's get you glowing for the big day. Call today for your appointment at 919-521-8282 or book online at [newlifeaesthetics.com](http://newlifeaesthetics.com).
